## UP INTERNATIONAL TRADE SHOW AN INTRODUCTION

UP International Trade Show is the premier trade event in Uttar Pradesh that not only showcases the rich trades and commerce of the state but also introduces the country and world to the culture, cuisine, tradition, and infrastructural development of the state. This event is the holistic showcase of Uttar Pradesh which stands as the country's third-largest economy growing at a fast pace that contributes more than 8% to the country's GDP and ranks 2nd in the ease of doing business. With policies fostering the goal of inclusive sustainable and balanced development the state is aiming to achieve 1 trillion economies by 2027.

Reflecting on the groundbreaking success of the inaugural edition of UP International Trade Show (UPITS) 2023, the event underscored Uttar Pradesh's emergence as a formidable force on the global stage, drawing over 500 foreign buyers, 70,000 domestic buyers, and attracting more than 300,000 visitors. The first edition has paved the way for many more successful editions in a row and the second edition in this row is set to prove a landmark in the series.

To take forward this legacy, the Government of Uttar Pradesh is jointly organizing the Second UP International Trade Show (UPITS 2024) with India Expo Centre & Mart Ltd from 25 - 29 September 2024 at India Exposition Mart Limited, Greater Noida and conceptualized as a regular fair with a distinct identity on the fixed dates as mentioned. The Show will provide an opportunity to bring the entire State under one roof for the visitors and promises to be an unparalleled sourcing platform placing Uttar Pradesh on top of the world map.
